BIO

Justin Dingwall, South African photographic artist, creates images that resonate with emotion. His works always lending towards the unusual, and avenues less travelled with cultural undertones.

The symbols of light and dark are a reflection of his medium. Dingwall uses the characteristic nature of photography to capture a unique frame of reference. Dingwall paints with light in such a way as to represent the revealing of the unseen. Light represents truth, and it is contrasted against the element of darkness to emphasise the unenlightened state of mind of previous misconceptions.

Dingwall has exhibited both locally in South Africa and Internationally, and has been selected for various awards including, SA Taxi Foundation Art Award 2015, Sasol New Signatures 2014, and IPA – International Photography Awards 2013.
